

Reiki II Workshop and Attunement

Wednesday, November 23, 2011
Saturday, February 4, 2012
1 – 6 pm

Ann Baldwin, PhD, Physiologist and Usui Reiki Master

Take your Reiki skills up to the next level and learn:

- Distance healing
- Hand positions to address specific disorders
- Byosen scanning
- Healing with breath
- Healing with eyes

Dr. Baldwin will also show you how to use special heart rate sensors to visualize your heart rhythm on a computer screen so you can see how giving and receiving Reiki affects your heart

You will receive a Reiki II manual and certificate

Class is limited to 4 participants

To register (required), go to: www.mind-body-science.com
or contact Ann Baldwin at (520) 795-4048 or via email:
